

LumiSight UH

Mobile Application Quick Start Guide

Introduction

What is LumiSight UH?

LumiSight UH is a self-screening platform that supports the well-being of students, faculty, staff, and visitors in the UH Community. It was developed by DataHouse Consulting, a local Hawaii company dedicated to supporting our communities through innovative technology solutions.

How does LumiSight UH work?

Students, faculty, staff, and visitors log in to a web or mobile application and perform a quick check-in. They immediately receive guidance on whether they can enter campus or stay home that day. Individuals in the Modified Quarantine (MQ) Program also check in their location each day during their quarantine period.

How do I access LumiSight UH?

Download the LumiSight UH mobile app from the App Store (for iOS devices) or Google Play (for Android devices).

Allow the app to send you notifications and access your location. With notifications and location settings turned on, you'll receive daily notifications to remind you to check in. If you don't check in after receiving a daily notification, you'll receive another notification whenever you enter campus.

You can also access the web version at: uh.campus.lumisight.com

How do I check in?

Follow the steps in this quick start guide to set up your account and perform your first check-in. You need to check in every day before you enter campus.

LumiSight UH Checklist

-  Download the LumiSight UH app.
-  Turn on notification and location settings.
-  Answer the setup questions in the app.
-  Check in every day before you enter campus.

Why does the app need to access my location?

LumiSight UH uses geofencing to send you notifications whenever you enter campus. A geofence is a virtual perimeter around UH campuses. LumiSight UH does not track your location, but it detects when you cross a UH campus geofence and sends you a reminder to check in.

Step 1: Log in and consent

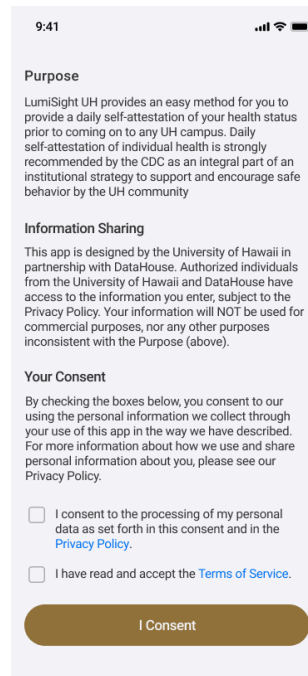

Each time you log in, you need to read and consent to the Privacy Policy and Terms of Service.

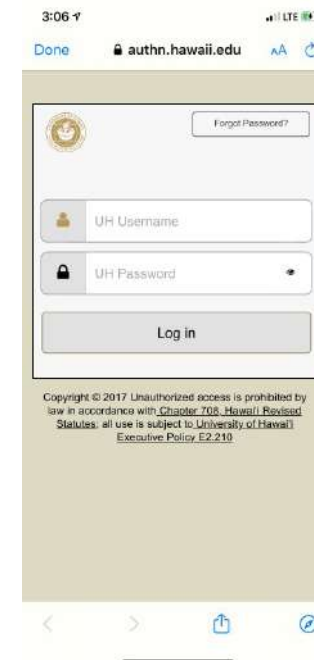

Select **Sign In with UH Account** from the welcome screen.

Read and consent to the Privacy Policy and Terms of Service.

Log in with your UH username and password.

Step 2: Confirm your information

Make sure your personal information is correct and verify your cell phone number.

Confirm your personal information and enter your cell phone number.

Do you have any of the following?

- Have you tested positive for COVID-19 and are on home isolation?
- In the past 5 days, have you had any of the following symptoms that are new, worsening, or not attributable to a pre-existing condition?
 - Fever greater than 100.4 °F or feeling feverish (chills, sweating)
 - Cough
 - Shortness of breath/difficulty breathing
 - Sore throat
 - Unexplained muscle/body aches
 - Nausea/vomiting or diarrhea
 - Loss of sense of taste or smell
 - Unusually weak or fatigued
 - Runny or congested nose
 - Headache
 - Sore throat
 - Chest pain or pressure
- In the past 14 days:
 - Have you traveled out of the state and are currently under quarantine orders by the Department of Health or your medical care provider?
 - Have you been in close contact (<6 feet for a 15 minute) with anyone that has been diagnosed with COVID-19?
 - Has the Department of Health told you that you have been in contact with a person with COVID-19?
 - Has someone who lives with you or works closely with you been told by the Department of Health to stay home?

Yes

No

I certify that the answer to all but one of the above questions is YES and I will stay home (or bring on-campus living quarters), and I will not go to campus.

Done

Stay home or in your campus residence, do not report to campus.

Please **DO NOT** enter UH premises or buildings at this time (or **STAY IN YOUR ON-CAMPUS LIVING QUARTERS**).

If you have a life-threatening emergency, please call 911 or go to the nearest Emergency Room.

Disclaimer & Other Directions

- The purpose of this self-screener is to identify individuals that should not report to campus

Got it!

If you answer **No**, you may enter campus. However, anyone in quarantine **MUST** continue to adhere to location restrictions.

Done

You may report to campus / Anyone in Quarantine MUST continue to adhere to location restrictions.

It may be possible for you to report to campus today. This does NOT apply to anyone in a 14-day Quarantine, or in the UH Modified Quarantine (MQ) program. Those individuals MUST continue to adhere to your location restrictions, including if you are still in the quarantine-in-place portion of your MQ program.

Step 5: Check in location (for MQ participants only)

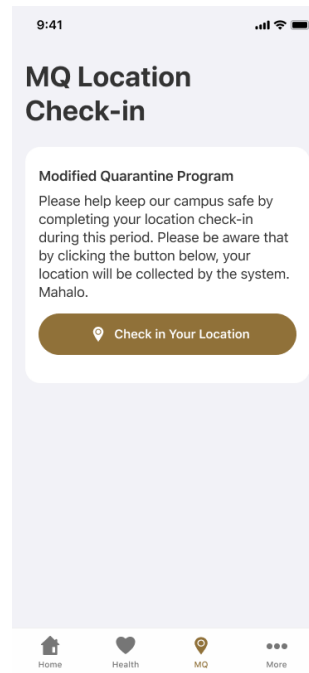

If you're in the Modified Quarantine (MQ) Program, you also need to check in your location every day during your quarantine period. If you're not in the MQ Program, don't worry about this step – you won't have the MQ option in your navigation.

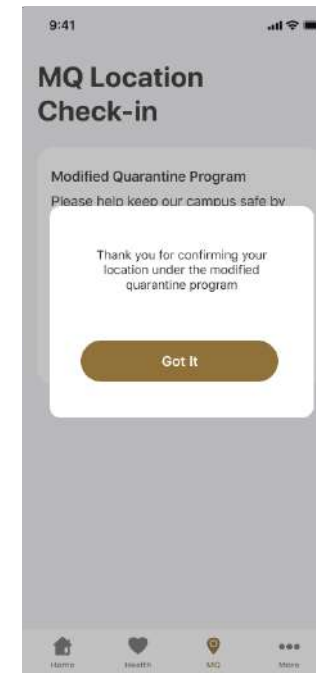

Select **MQ** from the navigation.

Select **Check in Your Location**.

The app records your location. Select **Got It** to return to the Home screen.

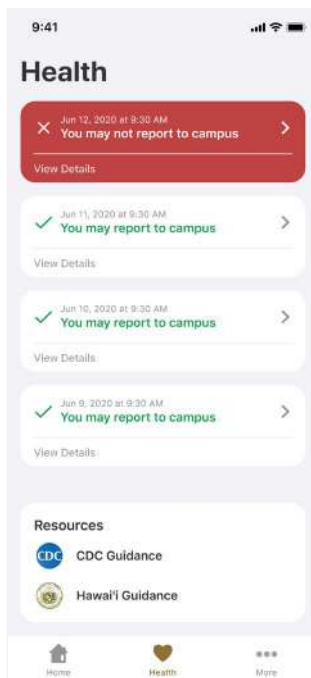

Tips

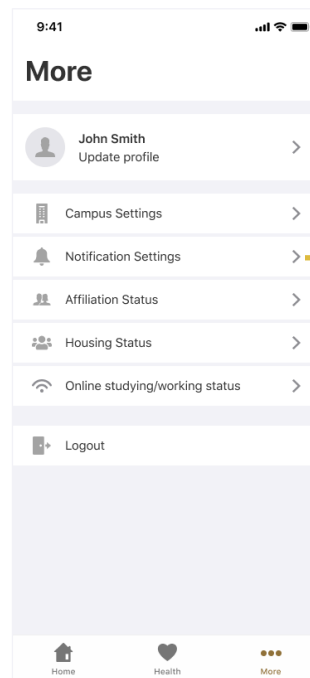

Use the navigation to view your check-in history and update your account.

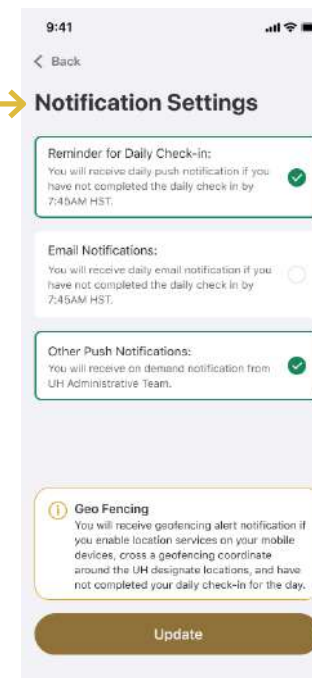

Select **Health** to view your check-in history and other resources.

Select **More** to update your profile, change your settings, and log out.

Be sure to keep notification settings turned on so that you remember to check in every day!
